Real Time Close Captioner Presents Program

Guests: Brian Hansen brought his lovely wife Angela with him today.

Key Club: Parker Key Club president Mindy was with us today, and had some news about upcoming events. They are sending officers to Key Leadership training next month. They are taking on a service project: they are working the children's area at Rock Around The Block in downtown Janesville on August 30. They could use some help from us. A sign up sheet went around, two shifts, 11-3 and 3-7. Give them a hand if you can. Mindy also announced an initiative whereby the Craig and Parker Key Clubs will have more interaction and work together more this coming year. Nice mid-summer report from Key Club.

Induction: Today we were happy to induct a new member, Bob Moren.

Bob was sponsored by Dr. Kevin O'Leary, and is recently retired from Sunstrand in Rockford. He and his family live in Juniper Heights, and he now that he has time in the day he wants to get involved in a service club, and fortunately he chose us. Bob and his wife are native "flatlanders", and he went to Northern Illinois University.

Happy Dollars: Rob Terry was happy to tell us about his employee Celia Marks who is retiring this week after 37 years in the grocery business. Harvey Miller was happy to read about Dan Wimann in the paper, about a scholarship he received. Ed Pulliam was happy to make it 62 years so far without dying. George Mark was happy to read about a lot of Kiwanians

lately in the paper. Kevin O' Leary was happy to see the Parker Key Club today as well as for the induction of our new member Bob.

Jim Damrow was happy to run the Twilight Run for Alzheimer's support last night, even though his son beat him, badly.

Ace of Hearts: won by Randy Borman, who drew the 3 of diamonds.

Program:

Today we had a very interesting presentation from Tammy Uhl of Janesville. Tammy was a court stenographer who decided to change course and become one of 300 real-time close captioners in the country. She works out of her home, doing real time close captioning for anything from network news to baseball games, to anything that needs it. In 2006 the Americans With Disability Act was passed that required all new programming to be close captioned, since there are 28 million people in the country who are hearing impaired. Tammy's job is fascinating in that this morning she did a local news program from San Diego, but later is to do a baseball game in Atlanta, all from her home. She had some great stories about raising her 3 kids and managing to do many things during commercial breaks, which aren't close captioned. Potty training didn't go so well in this scenario. And, for those of you who weren't there, sorry, you missed the story about the time she had to close caption while sitting in the buff.

Thanks to Dr. Jim Damrow for taking the notes. Members having information for future newsletters can email editor@janesvillekiwanis.org.
